

The Art of Colour

Invites you to participate in our

# Scorching Summer Sale

From December 1, Illume Creations is offering a delicious discount on all our stunning Tina Cooper hand blown artefacts. A minimum of 10% is available to our valued customers.

For those interstate and overseas customers, you may prefer to partake in our free Pack and Send offer. (Free P & S OR 10% disc.)

With a devalued Aussie dollar, our gallery prices present great value for your money! Those keen to invest in art, may like to consider the unique pieces which feature the artwork of local Sunshine Coast aboriginals, Muraay (Peter Mulcahy) or Sue McPherson. We have some outstanding pieces awaiting a new home including some of the very limited pieces painted by Sue McPherson who is now spreading her creative wings to embrace the ancient skill of glass blowing. Indigenous artwork is experiencing increasing sales in these difficult times.

Please contact us to register your interest. These exceptional pieces will be happy to help you celebrate a colourful Christmas and adorn your home!
